Per your request, the Use of Force policy for the West Melbourne Police Department is attached.

I would draw your attention to section 400.05.16, paragraph 3 that outlines when an officer's use of force should be reported on a "Response to Resistance" report. None of those conditions were met. While these tools are available to our officers, the West Melbourne Police Department did not employ the use of chemical agents or intermediate weapons ("Taser") in this incident.

Kind regards,

DC Cordeau
