Greetings,

I have just been made aware of your request for information from the recent FMJS Meeting that took place on March 14, 2014. Be assured that the information you have requested will be provided to you. You will not be required to complete a public records request or provide any other information in order to receive the material. We apologize for any inconvenience this has caused you or your organization and we have taken further steps to educate the staff involved on the proper protocols for processing public records requests.

I have spoken with Sergeant Harvey and he advised that he will be happy to compile and forward this information to you. He will be contacting you via the email address you provided to ensure he is giving you the exactly the information you need. He advised that in order to do this it may take him a little time to put together as the information involves numerous reports, from various counties throughout the state. But, you will be provided with the information requested.

Have a great day,

Assistant Chief M. Devlin  
Jacksonville Sheriff's Office

Sgt. Dukes:

Thank you for your response - however, your insistence that we(VolusiaExposed.Com) fill out one of your (Sheriff Dept.) "public record request form" in order to make a public record request, appears to be a probable violation of Florida Statute Chapter 119 (Public Record Statute).

We highly suspect that our below email serves as proper legal notice for our request for public records. Please process accordingly.

Further, in as far as, waiting for the return of Sgt. Harvey - are you advising us that absent Sgt. Harvey - the sheriff department is unable to comply with public record requests (thus the mandates of F.S. 119)?

We look forward to your response.

Regards;

He will also provide you the info referencing the request. He is in training the rest of this week but should respond to you next week. I will follow up with him to ensure he received this request. Let me know if I can be of further assistance to you. Thanks
