1) Regarding the company providing payroll service, this request is being forwarded to **Donna DePeyster, Finance/Accounting**, copied to Dave Byron, Community Information Division for action.

As to the payroll issue, please allow me to apologize. I was misinformed on one part of the payroll issue. I was given very preliminary information, which upon further review, turned out not to be the case. The problem with the payroll issue was a programming mistake by our IT Division, which since has been fixed. So there is no outside vendor involved. I apologize for the misinformation. **Dave Byron, Community Information Director**

Please contact our office if any further questions. Thank you,
