Mr. Watkins,

I was referring to avenues to address any concerns you had before quitting. As to the employees you refer to below I have attempted to look into them. Kristen Wagner and John Trobee left in 1998 and 1996 respectfully. They left over 10 years ago and this was to far back for me to get information and well before my time with the County. As far as David Snider, I do know there were extenuating circumstances quite different from yours.

Mr. Motes,

What are these avenues you are referring to? I thought I was doing just that in the direction I took in contacting you. What about former employees Kristen Wagner, John Trobee and David Snider? They all were paid all their hours and they left without even giving any notice or were under investigation for wrong doing. So my next step is an my attorney? I do not want to go that way.

Gary Watkins
