<p>On the above date and approximate time, I responded to a code blue on North Wing in D-block cell 11U. As I entered the block I instructed all inmates to go to their cells. I instructed staff to close all the cell doors in the block and move all inmates in the dayroom to a holding cell. As I attempted to enter cell 11, I observed nurse B. White performing chest compressions on inmate Brogan, April #948703. There were four medical personnel with their medical bags and staff in the room so I observed from the doorway. I secured the code at 1403. Nurse B. White yelled out " Call 911." I instructed 3 5 0 via radio to call 911. Inmate Brogan was unresponsive. Warden Reinhart notified me that he and Capt. Langdon would be over within a few minutes. Ofc. J. Winn was instructed to keep a time line of everyone coming and going. Evac and DBFS arrived in D-blk taking over the chest compression and setting a I V. At 1424 hrs Evac personnel stated that he was going to "call it." Warden Reinhart was advised while he was standing in the block. Per Doctor Doan Inmate Brogan was pronounced deceased. At 1430 hours all staff exited the block and cell 11 was secured until VCSCO arrived. Ofc Mabry was instructed to continue to make rounds in D-block. Cell 11 is currently closed. Ofc. Mabry was reassigned to North Wing for the rest of the evening. Mental Health continue to make themselves available to staff and inmates. The inmates were released from lockdown in D-blk as I advised them that Mental Health would be in the block to speak with them as a group and then individually. INMATE NAME: Brogan, April	BOOKING NUMBER: 948703	CELL: D-11
On the above date and approximate time. I responded to a code blue on North Wing in D-Block. Once I entered the block along with sufficient staff, I was redirected by Sgt Jenkins to exit D-Block and go secure the south wing males on the rec yard. I left D-block along with Officers Caton and Leavell to complete this task. Once male rec was secured, I reported back to North Wing to assist. I stayed outside the block and took names of everyone entering and assisting with the code. My full timeline is continued on a VCDC 402. See 402 in North Wings folder.
