Subject: Question - OBPD Evidence Room

Date: Wed, 25 Apr 2018 09:00:18 -0400

It is noted that according to the below WESH-TV news account - no CURRENT prosecutions are being affected by the OBPD property room situation.

Our question is whether ANY prosecutions (whether current or since the discovery of the property room situation) were affected?

Obviously, there seems to be some chain of custody issues tied into this property room situation - and it is difficult to believe that this did not affect some prosecutions.
