Greetings,

I have just been made aware of your request for information from the recent FMJS Meeting that took place on March 14, 2014. Be assured that the information you have requested will be provided to you. You will not be required to complete a public records request or provide any other information in order to receive the material. We apologize for any inconvenience this has caused you or your organization and we have taken further steps to educate the staff involved on the proper protocols for processing public records requests.

I have spoken with Sergeant Harvey and he advised that he will be happy to compile and forward this information to you. He will be contacting you via the email address you provided to ensure he is giving you the exactly the information you need. He advised that in order to do this it may take him a little time to put together as the information involves numerous reports, from various counties throughout the state. But, you will be provided with the information requested.

Have a great day,

Assistant Chief M. Devlin  
Jacksonville Sheriff's Office
