Chief Arcieri:

We (VolusiaExposed.Com) appreciate your additional comments / information - however, due to the fact that the Edgewater PD did NOT sustain (as per the CJSTC 78 form - see attached PDF copy) a violation of F.S. 943.13 or FAC 11B-27.0011 - sending the CJSTC 78 and investigative report to the CJSTC had no effect.

In our opinion, the sustained violation was a probable violation of 11B-27.0011 - and not merely a violation of EPD policies.

If, however, it is ALSO your opinion that this violation should have been submitted to the CJSTC as a FAC11B-27.0011 violation - then I suggest you resubmit the CJSTC 78 indicating so.

We have included CJSTC staff within this email thread (Crystal Glisar and Glen Hopkins).

We intend to publish our article on schedule - however, we anticipate contacting CJSTC in a few weeks to discover whether you made any clarifications regarding Ofc. Geiger's sustained misconduct.
