Hello,

I am working on it....the memo is being researched.

The other information you asked for: Sgt Flynt had this comment:

Sandy, Still an active ongoing investigation.

Per section 112.533(2)(a), F.S provides that complaints filed against law enforcements officers and correctional officers, and all information obtained pursuant to the agency's investigation of the complaint, are confidential until the investigation is no longer active or until the agency head or his designee provides written notice to the officer who is the subject of the complaint that the agency has concluded the investigation with a finding to either proceed or not to proceed with disciplinary action or the filing of charges.
