The first thing I want to say is that your son is doing fine. I keep a close eye on him at Aaron's request. Aaron also told me that you or one of your folks may be able to train some of my inmate workers on cement work. Honestly, I have been wanting to do this for a very long time. Please call me at your convenience as I would love to hear your thoughts regarding this and any other concerns you may have. Thank 0 you, Mark "

His son is currently in custody, but our lunch meeting will be regarding his willingness to train and hire inmates upon their release. This is an awesome opportunity for us and I don't want to miss it. Will keep you informed."

"Good morning. I just wanted to provide you with an update regarding my meeting with Tim Phillips from P&S Paving. We met yesterday afternoon and the meeting went very well. Tim and his team are committed to hiring some of our inmate population when they are released. They are willing to hire the inmate while still in custody in a work release type program and pay them a decent wage, which the inmate will be paid weekly and be able to put it into his account with us. We will start working out the details with Tim and his team, but this is exactly what I have been wanting to start since I got here. Thank you GR for planting the seed with Tim a couple of years ago. He said he fully gets what you shared with him now that his son is in our custody. Now it is time to watch it grow. Thank you all for allowing me to pursue such options for our inmates."
