Ref: Public Record Request  
State v. Mark Fugler  
2016 305286 CFDB

Laura:

Our publication wishes to do a follow up to our September 15, 2019 posting.  
<http://volusiaexposed.com/vcso/2019/markfuglerappeal92019.html>

Our desire is to understand why Senior Judge Hutcheson was at the last minute assigned as the trial and sentencing judge in the Fugler prosecution? Especially given the fact, that Judge Foxman had already been the long assigned judge within this case. (per court / clerk docket)

We wish to secure any documentation that would memorialize Judge Hutcheson's assignment to the Fugler case.

Obviously, our publication has a concern, that Judge Hutcheson was assigned to this case, due to his senior judge status. We SUSPECT that the Court, and the State Attorney, were improperly influenced to afford Mr. Fugler special considerations.

Judge Foxman is answerable to the voters of the Seventh Judicial Circuit, while Judge Hutcheson's "senior judge" status is by Florida Supreme Court appointment, which makes him immune to the consequences of the ballot box.

In addition of providing us with the documentation memorializing Judge Hutcheson's assignment to the Fugler case, we invite your office to clarify for us, why Senior Judge Hutcheson's last minute assignment to this case should not be seen as suspicious.

Please use our below email address as our point of contact, and advise us in advance of any costs that are associated with our public record request.
