Ref: Deputy Keith Baughman's Personnel Board

Joanne:

As you may be aware – VolusiaExposed.Com attended the August 16, 2016 meeting of the Personnel Board – regarding the termination of VCSO Deputy Keith Baughman.

We (VolusiaExposed.Com) are preparing to post an article to our web publication regarding the Baughman board hearing.

The hearing videos we intend to incorporate into our article can be viewed at the below listed Internet link.

We have some questions for your office:

1. Does the county support Personnel Board Member Joie Alexander's decision not to recuse herself – after it became clear – and upon

Alexander's own admission – that she had made a decision in the Baughman matter - prior to all the evidence and testimony being presented? (see video labeled – M2U00738)

2. Does the county see a problem that the Personnel Board appears to have supported the sustaining of one of the filed charges - on the belief that Deputy Baughman had committed the “DAVID” violation – a charge that was not inclusive to the termination event – and a charge in which Deputy Baughman has already received disciplinary action on? (see video labeled M2U00743)

3. Has the county and Deputy Baughman come to any agreement / understanding – since the completion of the board hearing? Has an arbitration hearing date been scheduled?

Your responses – or lack thereof – will be incorporated into our pending article.

Regards;
