Your hypothesis regarding a falsehood or withholding of records is incorrect. You have the requested affidavit in your possession. The affidavit mentioned in Investigator Ott's supplement written as part of report #15-4641 that was sent to you yesterday is a reference to the affidavit generated in case #15-4638 that was sent to you this morning.

Sirs:

It is noted that your office did NOT attached a copy of the complaint affidavit, as mentioned in Investigator Stella Ott's report filed on 2-24-2015, line # 66. Nor did your office claim a statutory exemption (F.S. 119) to our PRR for the affidavit.

Therefore, without further clarity from your office, we can only hypothesize that either Inv. Ott's report contains a falsehood - or your office is with-holding records.

We would respectfully request either a copy of the documented affidavit, a declaration of a statutory exemption for the record, or an explanation of the matter.

Regards;
