Volusia County Sheriff Department

Gary:

Yesterday (September 12, 2016) VolusiaExposed.Com attended and video recorded Richard Thripp's court hearing.

Mr. Thripp was charged (May 2016) by the State Attorney with making a false 911 call - regarding a December 2014 incident with the VCSO.

You may remember that Mr. Thripp memorialized his interactions with VCSO deputies with his four part YouTube video spread.

VolusiaExposed.Com has downloaded and reviewed these videos in anticipation / preparation for our article(s) regarding the on-going criminal prosecution of Mr. Thripp.

VolusiaExposed.Com files this public record request (PRR) for a copy of the 911 calls made by AND TO Mr. Thripp (December 25-26, 2014). (Part 3 of the videos - around 13:30 minutes - the Thripp family phone appears to ring - and Mr. Thripp appears to answer the phone and converse with a "Fischer" - who appears to be a Volusia 911 operator / or deputy) In short - we wish the "Fischer" call audio as well as the audio from the calls made (dialed) by Mr. Thripp.

VolusiaExposed.Com has also reviewed Deputy Richard Graves (#2188) charging report against Mr. Thripp. (see below link)
<http://www.volusiaexposed.com/vcso/richardthripp92016/chargingreport.pdf>

In this report - Deputy Graves documents -----"....the def did not allow direct contact and the son only answered in one word responses

which caused further concern with law enforcement officers present in that they believed the answers presented by the son were made under duress. The described interaction was also noted to have been captured on the described video....."----

Apparently per Deputy Graves' sworn charging affidavit - Graves has indicated that he has listened to / watched the videos. However - upon our review of the videos - the son DID engage the responding deputies on several occasions - AND used more than "one word responses". Some of these interactions can be found within the following locations on the videos.

Can your office provide VolusiaExposed.Com with an explanation - between what the videos appear to present - and what Deputy Graves has documented in his sworn statement?

Absent an explanation (or correction) - we intend to question - within our pending article - whether Deputy Graves sworn statement has false information incorporated within it.

As you may recall - in 2011 - we (VolusiaExposed.Com) thought that Deputy Graves (#2188) statements to an alleged sexual assault victim were inappropriate. (page 25-27 of linked document - see yellow highlighted areas)

<http://www.volusiaexposed.com/vcso/willard/llinterviewredacted.pdf>

Asking an alleged sexual assault victim - if she "saw boogymen?" was (is) in our opinion - very inappropriate - especially given that the alleged sexual assault suspect was a fellow Volusia County deputy.

Our review of this incident is still on-going. Any assistance your office can provide regarding our review - will be greatly appreciated.

In as far as our PRR - please advise us in advance of any costs associated with this PRR - using our below listed email address as our point of contact.
