Glad to assist with your information request. And yes, you are correct. The complainant did not put her complaint in writing, either on the official VCSO Complaint Form or in any other written form.

However, the specific nature of the complaint is documented in an interview with the complainant conducted by a VCSO investigator and will be made available to you as part of the investigative file upon the file's completion. The findings by the VCSO also will be contained in the copy of the investigative file that will be made for you. Accordingly, the only information relative to your inquiry that I can provide to you at this time is the following:
